HH Beam Elementary

Home of the Bulldogs

STUDENT CENTERED

At HH Beam, we provide students with an individualized learning experience through the use of global data driven instructional practices.

Additionally, we hold weekly celebrations and quarterly award ceremonies to recognize students for their accomplishments in reading, math, science, and behavior.

COMMUNITY SCHOOL

Named for Hershul Beam, former principal of South Gastonia School. H.H. Beam Elementary was built in its place in the early 1990s. Kindergarten - 5th graders attended classes there for more than a century and we're proud to continue our service to the communities of South Gastonia.

LEADERSHIP

HH Beam will provide students with the opportunity to participate in Student Government, Robotics Club, and Music & Arts Clubs. In addition, we're excited to have two Pinnacle Technology Leaders on our teaching staff.

S.T.E.M FOCUSED

We're excited to offer 'Innovation Station. This program provides hands-on activities for students that focus on STEM: Science, Technology, Engineering, & Math.

FAMILY ENGAGEMENT

We love to engage families with events like our Father-Daughter Dance, Mother-Son Sports Night, and annual choral performances. We are also thrilled to continue new traditions with our 2nd Annual Fall Festival and our 5th Grade Movin' Up Ceremony in 2019-20.

A.S.P.I.R.E PROGRAM

We are pleased to offer an after school program inspiring real-life excellence for Kindergarten-5th grade students. A.S.P.I.R.E. focuses on math and literacy while integrating enrichment activities to support the interests and education of the whole child.
