

# Bessemer City Primary

## Home of the Honey Bees

**At Bessemer City Primary, we specialize in the early childhood educational experience.** We offer pre-kindergarten through second grade education. We have a highly qualified staff with many of our teachers having advanced degrees, National Board Certification, or Pinnacle Leader status, as well as an abundance of experience and expertise. We focus on the development of the whole child, not just academic growth.

---

### MTSS Recognition Site

Our school has been recognized by the North Carolina Department of Public Instruction as a **Green Ribbon School**. This means that we have tiered systems of support for our students in areas of attendance, behavior, academics and social-emotional development.

---

### Positive Behavior Interventions & Support

Our school has a **positive approach** to teaching students early about the right social and behavioral choices. Our young students are still learning how to make the right decisions and we help them through our class and school-wide teaching of what choices will help them be successful in school and in life. We emphasize character traits that will help them to develop strong communication, social, leadership and other skills that will benefit them throughout life.

---

### Home-School Partnership

Educating and nurturing a child in a school environment is most successful with a strong partnership between the school staff and a child's parent or primary caregiver. We offer many opportunities for parents to be involved in the educational experience of their child and pride ourselves in making decisions jointly.

Educating  
the mind  
without  
educating the  
heart is no  
education  
at all.
